Industrial designer from Diego Portales University, currently pursuing a Master's in Design Sciences at Adolfo Ibáñez University. Specialist in maker labs, STEM education, and agile and design methodologies. At Ideo Maker I am part of the team that designs and implements maker classrooms for high schools, from the walkable 3D model to teacher training. Between 2022 and 2025 I taught robotics, digital fabrication and design thinking.

EDUCATION

- | | |
|----------------|--|
| 2026 – present | Master's in Design Sciences
Adolfo Ibáñez University · In progress since August 2026 |
| 2025 – 2026 | Data Science
Desafío Latam · November 2025 to November 2026 |
| 2015 – 2021 | Industrial Designer, passed with distinction
Diego Portales University, School of Architecture, Art and Design <ul style="list-style-type: none">Thesis project: <i>AnsioSOS, mental health and strategic design</i>. Advisor: Florencia Adriasola. Passed with distinction. |
| 2001 – 2013 | Primary and secondary education
Manuel de Salas Experimental High School |

PROFESSIONAL EXPERIENCE

- | | |
|----------------|--|
| 2022 – present | Director of Research, Development and Innovation
Ideo Maker SPA · Educational robotics and maker culture <ul style="list-style-type: none">STEM Maker Classrooms, Fundación Chile. High schools in the Antofagasta region. Likan Antai and María Elena (2025): design, Unreal Engine modeling, implementation and teacher training. Taltal and Calama (2026): implementation and teacher training.STEAM Maker Rooms, País Digital Foundation and BHP's Spence mine. Caracoles School and Estación Baquedano School, Sierra Gorda, MASXXI program. Opened in May 2024.Educational kits. Bicho-bot, from workshop prototype to an MDF kit for sale; MK-BOT, an Arduino robotics kit for high school.Tech Farming, Mustakis Foundation (2023). An experience with a modular robotic claw for the KAOS Space.Congreso Futuro en tu comuna. Maker fairs and Bicho-bot workshops in high schools and hospitals. |
| 2026 | Workshop trainer
Ideo Maker, for Anglo American |
| 2024 | Research and Development Designer
Atacama Biomaterials · Design and construction of a CNC machine |
| 2023 | Instructional Design Consultant
TICAL SPA · E-learning education |
| 2023 | Photographer
Pan American Health Organization and ECLAC · First semester |
| 2021 | Head of Design
Converso communications agency · Second semester |
| 2021 | Graphic designer
Interdisciplinary Research Program on Childhood and Family Policy (INFAS), Alberto Hurtado University · Second semester |

2020	Internship Graphic Exploration Design Lab, Diego Portales University · Second semester
2020	Internship Americanda, museum design company · First semester

TEACHING

2022 – 2025	PENTA UC Talent Studies and Development Program Pontifical Catholic University of Chile • 2025 · Space Robot, first semester • 2024 · Robotics and Design Thinking, second semester • 2024 · Design Thinking and Digital Fabrication, first semester • 2023 · Speculative Design, second semester • 2023 · 3D Digital Fabrication, first semester • 2023 · Circular Economy, summer break • 2022 · Design Thinking, second semester
2025	CREA UC Program, Pontifical Catholic University of Chile • Space Exploration and Robotics, summer break
2025	Universidad del Desarrollo, School of Engineering Support professional in IIT114A Technological Exploration and Prototyping Workshop, first-year Civil Engineering common core • Together with Mario Aguilera and Gabriel Hochfaerber, I prepared and taught the course's design modules: Introduction to Prototyping, Introduction to Technical Drawing and Digital Manufacturing (March 2025)
2025	Francisco Bilbao School, Recoleta · Santa Cruz Corporation • Ideo Maker robotics workshop with the MK-BOT kit, with Nelson Mora. Two six-month courses
2024	Andrés Bello School • Robotics and Design Thinking
2022 – 2023	Lo Barnechea Cultural Corporation • Robotics for girls and boys aged 6 to 12, winter and summer breaks. For these workshops I designed Bicho-bot, which later became a kit.
2024 – 2026	Teacher training in maker classrooms Ideo Maker, for Fundación Chile and the País Digital Foundation • Teaching staff at Likan Antai and María Elena (2025), Taltal and Calama (2026), Antofagasta region. • Caracoles School and Estación Baquedano School, Sierra Gorda (2024).

COURSES AND PROFESSIONAL DEVELOPMENT

2024	Impact Metrics: ESG + Innovation for Startups COLAB, UC Innovation Center · 14 workshops, 56 hours
2022	Unreal Engine 5 for Augmented and Virtual Reality Núcleo Escuela, Human Capital Scholarships · 28 three-hour sessions
2021 – 2022	Semi-Intensive English (ESL) Program International Language Institute, Washington DC · Three months
2019	Intensive English, Callan Method English Express, London · First semester

2017 **Acting intensive**
Pontifical Catholic University of Chile · January

INVOLVEMENT AND VOLUNTEERING

2019 – 2021 **Member of the Mental Health Committee**
Diego Portales University · Two years

2019 **Volunteer at The Heart of London Living**
L.H.A. London, London

2018 **UDP Solar Team, Haalur solar car**
2018 Atacama Solar Challenge · 2,600 km, from Santiago to Arica · First place, Cruiser category

2017 **Vice President of the Design Student Council**
School of Architecture, Art and Design, Diego Portales University

AWARDS

First place, 2018 Atacama Solar Challenge, Cruiser category, with the Haalur solar car.

LANGUAGES

Spanish, native · English, B2

TOOLS

3D and fabrication: Rhinoceros 3D, Fusion 360, Blender, Unreal Engine, AutoCAD, V-Ray, Tinkercad, Arduino

Graphics, video and interaction: Illustrator, Photoshop, InDesign, Figma, Adobe XD, Canva, Midjourney, After Effects, Premiere Pro, TouchDesigner

Data: Python, Jupyter Notebook, Google Colab, Tableau Public, Google Analytics, Excel

AI-assisted development: Claude Code, Codex, Visual Studio Code, cPanel, WordPress

Education and work: Moodle, Articulate 360, Miro, Notion, Obsidian, Slack, Discord, Google Workspace, Office 365
