Industrial designer, currently pursuing a Master's in Design Sciences at Adolfo Ibáñez University. My work brings together education, digital fabrication and space design: I taught robotics, design thinking and digital fabrication to school and university students between 2022 and 2025, and I design and implement maker classrooms for high schools in northern Chile.

EDUCATION

- 2026 – present **Master's in Design Sciences**
Adolfo Ibáñez University · In progress since August 2026
- 2025 – 2026 **Data Science**
Desafío Latam · November 2025 to November 2026
- 2015 – 2021 **Industrial Designer, passed with distinction**
Diego Portales University, School of Architecture, Art and Design
- Thesis project: *AnsioSOS, mental health and strategic design*. Advisor: Florencia Adriasola. Passed with distinction.

TEACHING

- 2022 – 2025 **PENTA UC Talent Studies and Development Program**
Pontifical Catholic University of Chile
- 2025 · Space Robot, first semester
 - 2024 · Robotics and Design Thinking, second semester
 - 2024 · Design Thinking and Digital Fabrication, first semester
 - 2023 · Speculative Design, second semester
 - 2023 · 3D Digital Fabrication, first semester
 - 2023 · Circular Economy, summer break
 - 2022 · Design Thinking, second semester
- 2025 **CREA UC Program, Pontifical Catholic University of Chile**
- Space Exploration and Robotics, summer break
- 2025 **Universidad del Desarrollo, School of Engineering**
Support professional in IIT114A Technological Exploration and Prototyping Workshop, first-year Civil Engineering common core
- Together with Mario Aguilera and Gabriel Hochfaerber, I prepared and taught the course's design modules: Introduction to Prototyping, Introduction to Technical Drawing and Digital Manufacturing (March 2025)
- 2025 **Francisco Bilbao School, Recoleta · Santa Cruz Corporation**
- Ideo Maker robotics workshop with the MK-BOT kit, with Nelson Mora. Two six-month courses
- 2024 **Andrés Bello School**
- Robotics and Design Thinking
- 2022 – 2023 **Lo Barnechea Cultural Corporation**
- Robotics for girls and boys aged 6 to 12, winter and summer breaks. For these workshops I designed Bicho-bot, which later became a kit.

TEACHER DEVELOPMENT AND TRAINING

2024 – 2026	Teacher training in maker classrooms Ideo Maker, for Fundación Chile and the País Digital Foundation - Teaching staff at Likan Antai and María Elena (2025), Taltal and Calama (2026), Antofagasta region. - Caracoles School and Estación Baquedano School, Sierra Gorda (2024).
2026	Workshop trainer Ideo Maker, for Anglo American

PROFESSIONAL EXPERIENCE

2022 – present	Director of Research, Development and Innovation, Ideo Maker SPA Design and implementation of maker classrooms (Fundación Chile, País Digital Foundation), educational kits (Bicho-bot, MK-BOT) and STEAM experiences (Tech Farming, Mustakis Foundation; Congreso Futuro en tu comuna).
2024	Research and Development Designer, Atacama Biomaterials Design and construction of a CNC machine
2023	Instructional Design Consultant, TICAL SPA
2023	Photographer, Pan American Health Organization and ECLAC
2021	Graphic designer, INFAS, Alberto Hurtado University Interdisciplinary Research Program on Childhood and Family Policy
2021	Head of Design, Converso agency

COURSES AND PROFESSIONAL DEVELOPMENT

2024	Impact Metrics: ESG + Innovation for Startups COLAB, UC Innovation Center · 56 hours
2022	Unreal Engine 5 for Augmented and Virtual Reality Núcleo Escuela, Human Capital Scholarships · 84 hours
2019 · 2021	Intensive English English Express, London (2019) · International Language Institute, Washington DC (2021 – 2022)

UNIVERSITY INVOLVEMENT

2019 – 2021 · Member of the Mental Health Committee, UDP
2018 · UDP Solar Team, Haalur solar car
2017 · Vice President of the Design Student Council, UDP

AWARDS AND LANGUAGES

First place, 2018 Atacama Solar Challenge, Cruiser category
Spanish, native · English, B2
Project portfolio: japortafolio.com/en

TOOLS

3D and fabrication: Rhinoceros 3D, Fusion 360, Blender, Unreal Engine, AutoCAD, V-Ray, Tinkercad, Arduino
Graphics, video and interaction: Illustrator, Photoshop, InDesign, Figma, Adobe XD, Canva, Midjourney, After Effects, Premiere Pro, TouchDesigner
Data: Python, Jupyter Notebook, Google Colab, Tableau Public, Google Analytics, Excel
AI-assisted development: Claude Code, Codex, Visual Studio Code, cPanel, WordPress
Education and work: Moodle, Articulate 360, Miro, Notion, Obsidian, Slack, Discord, Google Workspace, Office 365
