Industrial designer from Diego Portales University, currently pursuing a Master's in Design Sciences at Adolfo Ibáñez University. Specialist in maker labs, STEM education, and agile and design methodologies. At Ideo Maker I am part of the team that designs and implements maker classrooms for high schools, from the walkable 3D model to teacher training. Between 2022 and 2025 I taught robotics, digital fabrication and design thinking.

EDUCATION

- | | |
|----------------|--|
| 2026 – present | Master's in Design Sciences
Adolfo Ibáñez University · In progress since August 2026 |
| 2025 – 2026 | Data Science
Desafío Latam · November 2025 to November 2026 |
| 2015 – 2021 | Industrial Designer, passed with distinction
Diego Portales University, School of Architecture, Art and Design <ul style="list-style-type: none">Thesis project: <i>AnsioSOS, mental health and strategic design</i>. Advisor: Florencia Adriasola. Passed with distinction. |
| 2001 – 2013 | Primary and secondary education
Manuel de Salas Experimental High School |

PROFESSIONAL EXPERIENCE

- | | |
|----------------|---|
| 2022 – present | Director of Research, Development and Innovation
Ideo Maker SPA · Educational robotics and maker culture <ul style="list-style-type: none">STEM Maker Classrooms, Fundación Chile. Design, implementation and teacher training at high schools in the Antofagasta region: Likán Antai and María Elena (2025), including the Unreal Engine modeling, and Taltal and Calama (2026).STEAM Maker Rooms, País Digital Foundation and BHP's Spence mine. Caracoles School and Estación Baquedano School, Sierra Gorda, MASXXI program. Opened in May 2024.Educational kits. Bicho-bot, from workshop prototype to an MDF kit for sale; MK-BOT, an Arduino robotics kit for high school.Tech Farming, Mustakis Foundation (2023). An experience with a modular robotic claw for the KAOS Space.Congreso Futuro en tu comuna. Maker fairs and Bicho-bot workshops in high schools and hospitals. |
| 2026 | Workshop trainer
Ideo Maker, for Anglo American |
| 2024 | Research and Development Designer
Atacama Biomaterials · Design and construction of a CNC machine |
| 2023 | Instructional Design Consultant
TICAL SPA · E-learning education |
| 2023 | Photographer
Pan American Health Organization and ECLAC · First semester |
| 2021 | Head of Design
Converso communications agency · Second semester |
| 2021 | Graphic designer
Interdisciplinary Research Program on Childhood and Family Policy (INFAS), Alberto Hurtado University · Second semester |

2020	Internship Graphic Exploration Design Lab, Diego Portales University · Second semester
2020	Internship Americanda, museum design company · First semester

TEACHING

2022 – 2025	PENTA UC Talent Studies and Development Program Pontifical Catholic University of Chile • 2025 · Space Robot, first semester • 2024 · Robotics and Design Thinking, second semester • 2024 · Design Thinking and Digital Fabrication, first semester • 2023 · Speculative Design, second semester • 2023 · 3D Digital Fabrication, first semester • 2023 · Circular Economy, summer break • 2022 · Design Thinking, second semester
2025	CREA UC Program, Pontifical Catholic University of Chile • Space Exploration and Robotics, summer break
2025	Universidad del Desarrollo, School of Engineering Support professional in IIT114A Technological Exploration and Prototyping Workshop, first-year Civil Engineering common core • Together with Mario Aguilera and Gabriel Hochfaerber, I prepared and taught the course's design modules: Introduction to Prototyping, Introduction to Technical Drawing and Digital Manufacturing (March 2025)
2025	Francisco Bilbao School, Recoleta · Santa Cruz Corporation • Ideo Maker robotics workshop with the MK-BOT kit, with Nelson Mora. Two six-month courses
2024	Andrés Bello School • Robotics and Design Thinking
2022 – 2023	Lo Barnechea Cultural Corporation • Robotics for girls and boys aged 6 to 12, winter and summer breaks. For these workshops I designed Bicho-bot, which later became a kit.
2024 – 2026	Teacher training in maker classrooms Ideo Maker, for Fundación Chile and the País Digital Foundation • Teaching staff at Likan Antai and María Elena (2025), Taltal and Calama (2026), Antofagasta region. • Caracoles School and Estación Baquedano School, Sierra Gorda (2024).

COURSES AND PROFESSIONAL DEVELOPMENT

2024	Impact Metrics: ESG + Innovation for Startups COLAB, UC Innovation Center · 14 workshops, 56 hours
2022	Unreal Engine 5 for Augmented and Virtual Reality Núcleo Escuela, Human Capital Scholarships · 28 three-hour sessions
2021 – 2022	Semi-Intensive English (ESL) Program International Language Institute, Washington DC · Three months
2019	Intensive English, Callan Method English Express, London · First semester

2017 **Acting intensive**
Pontifical Catholic University of Chile · January

INVOLVEMENT AND VOLUNTEERING

2019 – 2021 **Member of the Mental Health Committee**
Diego Portales University · Two years

2019 **Volunteer at The Heart of London Living**
L.H.A. London, London

2018 **UDP Solar Team, Haalur solar car**
2018 Atacama Solar Challenge · 2,600 km, from Santiago to Arica · First place, Cruiser category

2017 **Vice President of the Design Student Council**
School of Architecture, Art and Design, Diego Portales University

AWARDS

First place, 2018 Atacama Solar Challenge, Cruiser category, with the Haalur solar car.

LANGUAGES

Spanish, native · English, B2

TOOLS

3D and fabrication: Rhinoceros 3D, Fusion 360, Blender, Unreal Engine, AutoCAD, V-Ray, Tinkercad, Arduino

Graphics, video and interaction: Illustrator, Photoshop, InDesign, Figma, Adobe XD, Canva, Midjourney, After Effects, Premiere Pro, TouchDesigner

Data: Python, Jupyter Notebook, Google Colab, Tableau Public, Google Analytics, Excel

AI-assisted development: Claude Code, Codex, Visual Studio Code, cPanel, WordPress

Education and work: Moodle, Articulate 360, Miro, Notion, Obsidian, Slack, Discord, Google Workspace, Office 365
