Industrial designer from Diego Portales University. Specialist in maker labs, STEM education, and agile and design methodologies. At Ideo Maker I am part of the team that designs and implements maker classrooms for high schools, from the walkable 3D model to teacher training. For four years I taught robotics, digital fabrication and design thinking.

EXPERIENCE

- 2022 – present **Director of Research, Development and Innovation**
Ideo Maker SPA · Educational robotics and maker culture
- **STEM Maker Classrooms, Fundación Chile.** Design, implementation and teacher training at high schools in the Antofagasta region: Likan Antai and María Elena (2025), including the Unreal Engine modeling, and Taltal and Calama (2026).
 - **STEAM Maker Rooms, País Digital Foundation and BHP's Spence mine.** Caracoles School and Estación Baquedano School, Sierra Gorda, MASXXI program. Opened in May 2024.
 - **Educational kits.** Bicho-bot, from workshop prototype to an MDF kit for sale; MK-BOT, an Arduino robotics kit for high school.
 - **Tech Farming, Mustakis Foundation (2023).** An experience with a modular robotic claw for the KAOS Space.
 - **Congreso Futuro en tu comuna.** Maker fairs and Bicho-bot workshops in high schools and hospitals.
- 2026 **Workshop trainer**
Ideo Maker, for Anglo American
- 2024 **Research and Development Designer**
Atacama Biomaterials · Design and construction of a CNC machine
- 2023 **Instructional Design Consultant**
TICAL SPA · E-learning education
- 2023 **Photographer**
Pan American Health Organization and ECLAC
- 2021 **Head of Design**
Converso communications agency
- 2021 **Graphic designer**
Research Program on Childhood and Family Policy (INFAS), Alberto Hurtado University

TEACHING · 2022 – 2025

- 2022 – 2025 **Teacher, PENTA UC Program**
Pontifical Catholic University of Chile · Space Robot, Robotics and Design Thinking, Design Thinking and Digital Fabrication, Speculative Design, Circular Economy, 3D Digital Fabrication
- 2025 **Teacher, CREA UC Program**
Space Exploration and Robotics, summer break
- 2025 **Support professional, Universidad del Desarrollo**
Technological Exploration and Prototyping Workshop, Civil Engineering common core · Modules on prototyping, technical drawing and digital manufacturing
- 2025 **Robotics workshop teacher**
Francisco Bilbao School, Recoleta · Santa Cruz Corporation · With Ideo Maker and the MK-BOT kit, two six-month courses

2024	Robotics and Design Thinking teacher Andrés Bello School
2022 – 2023	Robotics teacher for girls and boys Lo Barnechea Cultural Corporation · Winter and summer breaks

EDUCATION

2026 – present	Master's in Design Sciences Adolfo Ibáñez University · In progress since August 2026
2025 – 2026	Data Science Desafío Latam · November 2025 to November 2026
2015 – 2021	Industrial Design, passed with distinction Diego Portales University · Thesis project: AnsioSOS, mental health and strategic design, passed with distinction
2024	Impact Metrics: ESG + Innovation for Startups COLAB, UC Innovation Center · 14 workshops, 56 hours
2022	Unreal Engine 5 for Augmented and Virtual Reality Núcleo Escuela, Human Capital Scholarships · 84 hours

AWARDS

First place, 2018 Atacama Solar Challenge, Cruiser category, with the UDP team's Haalur solar car. 2,600 km, from Santiago to Arica.

LANGUAGES

Spanish, native · English, B2 (International Language Institute, Washington DC; English Express, London)

TOOLS

3D and fabrication: Rhinoceros 3D, Fusion 360, Blender, Unreal Engine, AutoCAD, V-Ray, Tinkercad, Arduino

Graphics, video and interaction: Illustrator, Photoshop, InDesign, Figma, Adobe XD, Canva, Midjourney, After Effects, Premiere Pro, TouchDesigner

Data: Python, Jupyter Notebook, Google Colab, Tableau Public, Google Analytics, Excel

AI-assisted development: Claude Code, Codex, Visual Studio Code, cPanel, WordPress

Education and work: Moodle, Articulate 360, Miro, Notion, Obsidian, Slack, Discord, Google Workspace, Office 365
