Industrial designer, currently pursuing a Master's in Design Sciences at Adolfo Ibáñez University. My work brings together education, digital fabrication and space design: I taught robotics, design thinking and digital fabrication to school and university students between 2022 and 2025, and I am part of the Ideo Maker team that designs and implements maker classrooms for high schools in northern Chile.

EDUCATION

2026 – present	Master's in Design Sciences Adolfo Ibáñez University · In progress since August 2026
2025 – 2026	Data Science Desafío Latam · November 2025 to November 2026
2015 – 2021	Industrial Designer, passed with distinction Diego Portales University, School of Architecture, Art and Design Thesis project: <i>AnsioSOS, mental health and strategic design</i>. Advisor: Florencia Adriasola. Passed with distinction.

TEACHING

2022 – 2025	PENTA UC Talent Studies and Development Program Pontifical Catholic University of Chile 2025 · Space Robot, first semester 2024 · Robotics and Design Thinking, second semester 2024 · Design Thinking and Digital Fabrication, first semester 2023 · Speculative Design, second semester 2023 · 3D Digital Fabrication, first semester 2023 · Circular Economy, summer break 2022 · Design Thinking, second semester
2025	CREA UC Program, Pontifical Catholic University of Chile Space Exploration and Robotics, summer break
2025	Universidad del Desarrollo, School of Engineering Support professional in IIT114A Technological Exploration and Prototyping Workshop, first-year Civil Engineering common core Together with Mario Aguilera and Gabriel Hochfaerber, I prepared and taught the course's design modules: Introduction to Prototyping, Introduction to Technical Drawing and Digital Manufacturing (March 2025)
2025	Francisco Bilbao School, Recoleta · Santa Cruz Corporation Ideo Maker robotics workshop with the MK-BOT kit, with Nelson Mora. Two six-month courses
2024	Andrés Bello School Robotics and Design Thinking
2022 – 2023	Lo Barnechea Cultural Corporation Robotics for girls and boys aged 6 to 12, winter and summer breaks. For these workshops I designed Bicho-bot, which later became a kit.

TEACHER DEVELOPMENT AND TRAINING

2024 – 2026	Teacher training in maker classrooms Ideo Maker, for Fundación Chile and the País Digital Foundation - Teaching staff at Likán Antai and María Elena (2025), Taltal and Calama (2026), Antofagasta region. - Caracoles School and Estación Baquedano School, Sierra Gorda (2024).
2026	Workshop trainer Ideo Maker, for Anglo American

PROFESSIONAL EXPERIENCE

2022 – present	Director of Research, Development and Innovation, Ideo Maker SPA Design and implementation of maker classrooms (Fundación Chile, País Digital Foundation), educational kits (Bicho-bot, MK-BOT) and STEAM experiences (Tech Farming, Mustakis Foundation; Congreso Futuro en tu comuna).
2024	Research and Development Designer, Atacama Biomaterials Design and construction of a CNC machine
2023	Instructional Design Consultant, TICAL SPA
2023	Photographer, Pan American Health Organization and ECLAC
2021	Graphic designer, INFAS, Alberto Hurtado University Interdisciplinary Research Program on Childhood and Family Policy
2021	Head of Design, Converso agency

COURSES AND PROFESSIONAL DEVELOPMENT

2024	Impact Metrics: ESG + Innovation for Startups COLAB, UC Innovation Center · 56 hours
2022	Unreal Engine 5 for Augmented and Virtual Reality Núcleo Escuela, Human Capital Scholarships · 84 hours
2019 · 2021	Intensive English English Express, London (2019) · International Language Institute, Washington DC (2021 – 2022)

UNIVERSITY INVOLVEMENT

2019 – 2021 · Member of the Mental Health Committee, UDP
2018 · UDP Solar Team, Haalur solar car
2017 · Vice President of the Design Student Council, UDP

AWARDS AND LANGUAGES

First place, 2018 Atacama Solar Challenge, Cruiser category
Spanish, native · English, B2
